As the use of information technology systems grow in the corporate world, nonprofit world and in government agencies there are many things we must consider such as the inherent problem of the ability of the IT Suppliers to predict the needs of the system in the future.

We at Micronet Technology believe in bridging this gap by providing affordable, far sighted and expeditious IT Solution without compromising on quality.

ABOUT US

Micronet Technology, based in Dubai is an IT Solution Provider catering to diverse IT requirements of its clients in Small, Medium and Large organizations. Our IT Solutions are designed to maximize organizational performance and meet customer needs for their business growth. Simply said, Micronet Technology is a **one point stop for all your IT needs.**

WHY MICRONET TECHNOLOGY

At Micronet Technology, we believe in considering the requirements of our clients as that of our own. Since our inception in 2004, we are successful in maintaining a long lasting relation with all our clients, the list which is still expanding. Our wide product portfolio, excellent post sales support, along with our strategic alliance with major brands provides an added advantage to our clients.

Our Customer Support division is committed to provide the highest quality service to each and every one of our customers through dedication, expertise, innovation, and professionalism.

STRUCTURED CABLING

Our qualified engineers are fully capable of planning and installing industry standard structured cabling solutions for Data and Voice. We are associated with major brands like Systemax, AMP, Clipsal, Dintek, Kuwes etc.

BUSINESS TELEPHONY

We have a wide portfolio to help you choose the very best to meet your Business Telephony requirement. We deal in brands like Panasonic, NEC, Avaya and Nortel. We have dedicated support personnel to meet your post sales support requirement.

BIOMETRIC / CCTV SOLUTIONS

We offer secure Access Control solutions to protect and monitor your premises. We offer Biometric Access Control / Attendance Solution from Viridi and reliable CCTV solutions from Proline, CNB and IP Tech.

SALES AND SUPPORT OF SERVERS, DESKTOPS AND LAPTOPS

We deal in major brands like HP, IBM and Dell to meet your Server requirements. In Desktop Segment we are able to offer competitive rates on HP, Dell, Lenovo and Acer. Also if you are looking for customized desktop solutions, we can provide you with assembled configurations as well. We deal in HP, Lenovo, Dell, Acer, Toshiba and Fujitsu Siemens laptops as well.

FIREWALLS AND NAS SOLUTIONS

Data security and integrity is of foremost importance to any company. In the present scenario where the world is becoming smaller due to wide spread usage of Internet, it is prudent to have a robust Firewall at your internet gateway. We offer trusted brands like Cisco and Sonicwall to meet your critical need to protect your network and data from prying eyes.

WIRELESS, VPN AND REMOTE CONNECTIVITY SOLUTIONS

Mobility is the order of the new world. Employees are on the move and the need to connect to the workplace is a common requirement. We provide the very best in Wireless Technology from Brands like Cisco, 3 Com, Linksys, D - Link and Buffalo. We offer Cost effective VPN / Remote Connectivity Solutions from Sonicwall. We also offer services from Cisco.

ANNUAL MAINTENANCE CONTRACTS

Regular maintenance is a pre requisite for obtaining maximum performance from IT Hardware. We offer Cost effective solution to maintain your IT infrastructure through our Annual Maintenance Contracts. Our qualified Engineers are at your disposal and to overcome any critical issues you might face in the long run.
